Even in Sweden Allan Pred, 2000-11-21 Allan Pred writes compellingly about the reawakening of racism throughout Europe at the end of the twentieth century—even in Sweden, a country widely regarded as the very model of social justice and equality. Many thousands of non-European and Muslim immigrants and refugees who took advantage of Sweden's generous immigration policies now find themselves the object of discrimination and worse. Through the cascading juxtaposition of many voices, including his own, Pred describes the intensifying cultural racism of the 1990s, the proliferation of negative ethnic stereotypes, and the spatial segregation of the non-Swedish. He quotes the newspaper Dagens Nyheter: It is high time that Sweden reconsider its self-image as the stronghold of tolerance (July 21, 1998), and analyzes the strategies that allow people to maintain that self-image. Perhaps the greatest strength of *Even in Sweden* is that Pred gives to the social consequences of global economic restructuring some very specific faces and places and a multitude of expressions of human will, both ill and good.

Reworking Modernity Allan Pred, Michael Watts, 1992 The authors of *Reworking Modernity* see capitalism in terms of distinctive forms of accumulation and periodic crises or moments of creative destruction. The history of capitalism is expressed both through historically and geographically specific configurations of capital, labor, and the state and through cultural and symbolic systems. Allan Pred and Michael Watts depict people simultaneously struggling over the material and cultural conditions of their existence during periods of momentous change.
