Turtle Hypodermic of Sickenpods David Solway,2000 David Solway's *The Turtle Hypodermic of Sickenpods* is an eye-opening polemic against technology in the classroom and pedagogical theory as furthered by current administrative policy. He dissects the way computers have affected the learning process and students' ability to understand material presented to them in books.

Ponzimonium: How Scam Artists are Ripping Off America Commodity Futures Trading Commission (U.S.),2012-01-20 Fortunately, more than ever before, con artists are being apprehended and prosecuted. Federal, state and local law enforcement officials have reported enormous increases in tips and criminal activity since the economic calamity began in 2008. Cash redemptions are dangerous for Ponzi schemes, because when the money runs out, folks start talking. For example, at any one time, enforcement staff at the U.S. Commodity Futures Trading Commission (CFTC) are investigating anywhere between 750 and 1,000 individuals or entities for various violations of the law. Increases in tips and fraud cases have also occurred at the U.S. Securities and Exchange Commission (SEC), at the Federal Bureau of Investigation (FBI), in the states, and various localities around the world. The stories in this book are actual CFTC cases stemming from investigations that began with the economic downturn. These are real cases, real fraudsters, with unfortunately . . . very real victims. While, the fundamental nature of the writing in such files is, as you would imagine, very bureaucratic: this script is anything but bureaucratic. Commissioner Chilton has worked in public service for over a quarter of a century and has found that one of the most important things that can be done is to make government less puzzling and perplexing, less mysterious, and yes, less bureaucratic. While Commissioner Chilton can't say there has been any monumental change in how folks see their government, over the years, Commissioner Chilton continues to try and do his part by communicating in a way that lets folks "in" on what is going on. This writing is an effort to continue that work. Commissioner Chilton hopes it will be a satisfying read, but more importantly, maybe some folks will avoid the tremendous tragedy that so many of our fellow citizens have endured.

The Bean Trees Barbara Kingsolver,2009-03-17 "The Bean Trees is the work of a visionary. . . . It leaves you open-mouthed and smiling." — Los Angeles Times A bestseller that has come to be regarded as an American classic, *The Bean Trees* is the novel that launched Barbara Kingsolver's remarkable literary career. It is the charming, engrossing tale of rural Kentucky native Taylor Greer, who only wants to get away from her roots and avoid getting pregnant. She succeeds, but inherits a three-year-old Native American girl named Turtle along the way, and together, from Oklahoma to Arizona, half-Cherokee Taylor and her charge search for a new life in the West. Hers is a story about love and friendship, abandonment and belonging, and the discovery of surprising resources in seemingly empty places. This edition includes a P.S. section with additional insights from the author, background material, suggestions for further reading, and more.

Turtle and Snake's Day at the Beach Kate Spohn,2004-05-24 Turtle and Snake are ready for summer and their first stop

is the beach. They're going to look for seashells, surf, and enter the big sand castle contest. But every time they turn around, their sand castle gets wiped out by the waves. Will they be able to build a new one in time for the contest?

The Case of the Superstar Scam Lewis B. Montgomery, 2014-08-01 Milo and Jazz uncover a super star scam using their STEM problem-solving skills in this tenth chapter in the series. When teen idol Starr Silveira comes to Westview to film an episode of her hit TV show, Super Starr, the entire town is abuzz. But when kids start receiving mysterious letters from Starr asking them to hand over their valuable show memorabilia, Milo and Jazz suspect one thing: a super scam! The Milo & Jazz Mysteries is an ideal series for beginning readers making the transition to chapter books. It also features “Super Sleuthing” activities in each book, including hidden pictures, puzzles, mini-mysteries, and quizzes—plus free online activities.

Lucie Yi Is Not a Romantic Lauren Ho, 2022-06-21 An ambitious career woman signs up for a co-parenting website only to find a match she never expected, in this unflinchingly funny and honest novel from the author of Last Tang Standing. Management consultant Lucie Yi is done waiting for Mr. Right. After a harrowing breakup foiled her plans for children—and drove her to a meltdown in a Tribeca baby store—she’s ready to take matters into her own hands. She signs up for an elective co-parenting website to find a suitable partner with whom to procreate—as platonic as family planning can be. Collin Read checks all of Lucie’s boxes; he shares a similar cultural background, he’s honest, and most important, he’s ready to become a father. When they match, it doesn’t take long for Lucie to take a leap of faith for her future. So what if her conservative family might not approve? When Lucie becomes pregnant, the pair return to Singapore and, sure enough, her parents refuse to look on the bright side. Even more complicated, Lucie’s ex-fiancé reappears, sparking unresolved feelings and compounding work pressures and the baffling ways her body is changing. Suddenly her straightforward arrangement is falling apart before her very eyes, and Lucie will have to decide how to juggle the demands of the people she loves while pursuing the life she really wants.
